

# JURA GIGA X3c

HIGH PERFORMANCE  
IN THE TOP CLASS

A high-tech automatic coffee machine that is ideally tailored to the requirements of large offices, the breakfast, seminar and conference venue sectors as well as self-service areas.

# JURA GIGA X3c

Anywhere where a capacity of up to 150 cups is the order of business, this machine impresses users with its quality, functionality and reliability.

The GIGA X3c features a sophisticated height-adjustable dual spout, which finishes off trend specialities with milk and milk foam to perfection. Time spent topping the

machine up is reduced to a minimum thanks to the large bean container with a holding capacity of 1 kg and aroma preservation cover.

What's more, the high capacity of the water tank, drip tray and coffee grounds container maximise autonomy, making the GIGA X3c ideal for mobile use too.

- Perfect for large offices, seminars and conference centres
- 32 product variations
- Contactless payment system available
- Separate hot water spout
- State of the art machine with sleek design
- Hot water spout
- Integrated rinsing, cleaning and descaling programme
- Utilises fresh milk
- Water tank capacity 5L
