

# Instant and Sparkling Water Tap

THE PERFECT COMBINATION OF INNOVATION AND EFFICIENCY

CHILLED

AMBIENT

SPARKLING

- 50 litres/hour of chilled, ambient and sparkling water
- Makes refilled reusable bottles fast and convenient
- The integrated tap system can be positioned over a sink or combined with a stylish circular drip tray
- Discreet, easy-to-use ergonomic touch panel
- Antimicrobial technology for a reassuringly hygienic experience
- Tap is PVD-coated for a high-end yet durable finish
- The plug-and-play USB 3 connector makes this tap super easy to instal.
- Consistently energy efficient, making it both economical and eco-friendly
